## Typical Product Specifications & Properties

# Aldosterone

CAS Number: : 52-39-1

| Specifications     | Limits                                                                                                                                                                                             |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Assay/Purity       | Typically NLT 98%                                                                                                                                                                                  |
| Molecular weight   | 360.444                                                                                                                                                                                            |
