## Typical Product Specifications & Properties

# (3E)-3-{[(4-fluorophenyl)methoxy]imino}propc

CAS Number: : 1864483-10-2

| Specifications     | Limits                                                                                                                                                              |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Chemical Structure |  292988 (3E)-3-{[(4-fluorophenyl)methoxy]imino}propanenitrile chemical structure |
