

## Typical Product Specifications & Properties

# 3,3,3-Trifluoro-propionic acid

CAS Number: : 2516-99-6

| Purity             | 98.5% min                                                                                                                                                                                                                                                                                                                                                                                                     |
| Appearance         | Colorless transparent liquid                                                                                                                                                                                                                                                                                                                                                                                  |
| Chemical Structure |  <p>The chemical structure of 3,3,3-Trifluoro-propionic acid is shown, featuring a central carbon atom bonded to three fluorine atoms (F) and a carboxylic acid group (COOH). The structure is overlaid with the Parchem logo, which consists of a stylized 'P' and the text 'parchem fine &amp; specialty chemicals'.</p> |
