## Typical Product Specifications & Properties

# 5-Bromo-4-Chloro-3-Indolyl-b-D-Glucuronide Cyclohexylammonium Salt

CAS Number: : 18656-96-7

| Specifications      | Limits                                                 |
|---------------------|--------------------------------------------------------|
| Molecular weight    | 521.79                                                 |
| EINECS              | 239-603-0                                              |
| Storage Temperature | -20&deg;C                                              |
| Solubility          | DMF: 50 mg/mL, clear, colorless to very faintly yellow |
| Melting Point       | 249 &deg;C                                             |
