## Typical Product Specifications & Properties

# Ethylenebis dibromonorborene dicarboximide

CAS Number: : 52907-07-0

| Specifications   | Limits                                                                                                                                        |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| Molecular weight | 672.00                                                                                                                                        |
| EINECS           | 258-250-3                                                                                                                                     |
| SMILES           | <chem>O=C1N(CCN2C(=O)[C@@H]3[C@@H]4[C@@H](Br)[C@@H](Br)[C@@H]([C@@H]3C2=O)C4)C(=O)[C@@H]2[C@@H]3[C@@H](Br)[C@@H](Br)[C@@H]([C@@H]12)C3</chem> |
