## Typical Product Specifications & Properties

# NATURAL ETHYL ISOBUTYRATE

CAS Number: : 97-62-1

| Specifications               | Limits                           |
|------------------------------|----------------------------------|
| Density                      | 0.867 (204 c)                    |
| Slightly Soluble             | in water                         |
| Specific gravity (@25/25° C) | 0.862-0.868                      |
| Acid Value                   | 1.0 max                          |
| Molecular weight             | 116.16 g/mol                     |
| Assay                        | 98% min                          |
| Appearance                   | Colorless to light yellow liquid |
| Refractive Index @ 20° C     | 1.385-1.391                      |
| Vapor Pressure               | 40 mm (33.8 c)                   |
| Melting Point                | -88 c                            |
| Odor                         | aromatic fruity odor             |
| Refractive Index             | 1.388                            |
