## Typical Product Specifications & Properties

# Olive Oil, Pomace

CAS Number: : 8001-25-0

| Specifications              | Limits                       |
|-----------------------------|------------------------------|
| Density                     | 0.909-0.915 (2525 c)         |
| Saponification number       | 187-196                      |
| Slightly Soluble            | in alcohol                   |
| Odor                        | Slight Olive                 |
| Color, APHA; ASTM D 1209    | Lovibond, (Red) : 5.0 Max    |
| Peroxide Value max          | 20.0 Max                     |
| Iodine Value of Glycerides  | 75 - 92                      |
| Specific Gravity (20°C/4°C) | (@ 25/25 °C) : 0.910 - 0.916 |
| Insolubility                | in water                     |
| Iodine Number               | 79-88                        |
| Refractive Index            | 1.466-1.468                  |
| Melting Point               | -6 c                         |
