## Typical Product Specifications & Properties

# 1,1'-{Disulfanediylbis[(2-methylpropane-2,1-diyl)sulfanediylmethylene]}dibenzene

CAS Number: : 108768-70-3

| Specifications     | Limits                                                                                                                                                                                                |
