## Typical Product Specifications & Properties

# 1-Pyrrolidinecarboxylic acid, 2-[(methylamino)methyl]-, 1,1-dimethylethyl ester, (2S)-

CAS Number: : 191231-58-0

| Specifications     | Limits                                                                                                                                                                                              |
