## Typical Product Specifications & Properties

# 2,3-Butanedithiol

CAS Number: : 4532-64-3

| Specifications     | Limits                                                                                                                                                                     |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Insolubility       | in water                                                                                                                                                                   |
| Refractive Index   | 1.514-1.524                                                                                                                                                                |
| Odor               | meat odor                                                                                                                                                                  |
| Molecular weight   | 122.24                                                                                                                                                                     |
| Color              | clear colorless liquid                                                                                                                                                     |
| Flash Point        | 125 f                                                                                                                                                                      |
| Specific gravity   | 0.995-1.095                                                                                                                                                                |
| Solubility         | alcohol and fats                                                                                                                                                           |
| Boiling Point      | 86 c 50 torr                                                                                                                                                               |
