## Typical Product Specifications & Properties

# 2-Amino-2-methyl-1-propanol, Technical Grade, 95%

CAS Number: : 124-68-5

| Specifications    | Limits                                  |
|-------------------|-----------------------------------------|
| Density           | 0.93 (204 c)                            |
| Slightly Soluble  | in aromatic hydrocarbons                |
| Very Soluble      | in alcohol                              |
| IR Identification | Must conform to known reference         |
| Assay             | 93.0% max (By Titration 0.1N H2SO4)     |
| Water Content     | 8.0% min (By Karl Fischer)              |
| Solubility        | Clear, colorless solution (20% aqueous) |
| Appearance        | Clear, colorless liquid                 |
| pH                | 11.3 (0.1m aq.)                         |
| Odor              | nearly odorless                         |
| Melting Point     | 30 c                                    |
| Molecular weight  | 89.14                                   |
