## Typical Product Specifications & Properties

# 2-Amino-3-methoxybenzonitrile

CAS Number: : 148932-68-7

| Specifications     | Limits                                                                                                               |
|--------------------|----------------------------------------------------------------------------------------------------------------------|
| Molecular weight   | 148.16                                                                                                               |
| Appearance         | Light brown crystalline powder                                                                                       |
| Chemical Structure | <br><chem>CN#Cc1cc(OC)ccc1</chem> |
