

## Typical Product Specifications & Properties

# 2-Amino-6-chloro-4-iodopyridine

CAS Number: : 1057322-74-3

Specifications	Limits
Chemical Structure	 <p>The chemical structure shows a pyridine ring with an amino group (-NH<sub>2</sub>) at position 2, a chlorine atom (-Cl) at position 6, and an iodine atom (-I) at position 4. The structure is overlaid with a large, faint 'parchem' watermark and the text 'fine &amp; specialty chemicals'.</p>
