

Typical Product Specifications & Properties

2-Methyl imidazole

CAS Number: : 693-98-1

Specifications	Limits
Chemical Structure	 The chemical structure of 2-methylimidazole is shown, featuring a five-membered imidazole ring with a methyl group attached to the carbon at position 2. The structure is overlaid with the Parchem logo, which consists of a stylized infinity symbol above the word 'parchem' and the tagline 'fine & specialty chemicals' below it.
