## Typical Product Specifications & Properties

# 4-Chloro-2-[(2,6-dichlorobenzyl)sulfanyl]-6-phenyl-5-pyrimidinecarbonitrile

CAS Number: : 339026-64-1

| Specifications     | Limits                                                                                                                                                                                    |
