## Typical Product Specifications & Properties

# 5&6 Decenoic Acid (Milk Lactone)

CAS Number: : 72881-27-7

| Specifications   | Limits                                  |
|------------------|-----------------------------------------|
| Tenacity         | 7 days on blotter                       |
| Insolubility     | in water                                |
| Odor             | bitter odor                             |
| Refractive Index | 1.454-1.460                             |
| Molecular weight | 170.25                                  |
| Color            | colorless to slightly yellow, clear liq |
| Flash Point      | (coc) 80 c                              |
| Specific gravity | .936-0.948                              |
| Solubility       | alcohol                                 |
