

## Typical Product Specifications & Properties

# 6H-1,3-Oxazine-5-carboxamide, 4-(methylthio)-2-phenyl-6-thioxo-

CAS Number: : 89862-49-7

Specifications	Limits
Chemical Structure	<p>The chemical structure shows a 1,3-oxazine ring system. At position 2, there is a phenyl group. At position 4, there is a methylthio group (-S-CH<sub>3</sub>). At position 5, there is a carboxamide group (-CONH<sub>2</sub>). At position 6, there is a thioxo group (=S). The structure is labeled with 'parchem' and 'find a specialty chemicals'.</p>
