## Typical Product Specifications & Properties

# Adipic Acid Dihydrazide

CAS Number: : 1071-93-8

| Specifications                | Limits                    |
|-------------------------------|---------------------------|
| Slightly Soluble              | cryst. powd.              |
| Appearance                    | White powder              |
| Purity                        | 99.5% Min.                |
| Assay                         | 99.8% Min. (on dry basis) |
| Methanol                      | 0.1% Max.                 |
| Chloride                      | 0.005% Max.               |
| Sulphate                      | 0.003% Max.               |
| Solubility in water (12%@50C) | 20 minutes                |
| Iron                          | 0.005% Max.               |
| Moisture                      | 0.1% Max.                 |
| Solution appearance           | Colorless, no sediment    |
| Melting Point                 | 180-182 c                 |
