## Typical Product Specifications & Properties

# Cyclohexanecarboxylic acid, 1-(4-chlorophenyl)-4-oxo-, methyl ester

CAS Number: : 1363165-99-4

| Specifications     | Limits                                                                                                                                                                            |
