

# Typical Product Specifications & Properties

## Diethyl terephthalate

CAS Number: : 4654-26-6

| Specifications   | Limits                                                                                                                |
|------------------|-----------------------------------------------------------------------------------------------------------------------|
| Molecular weight | 390.56                                                                                                                |
| EINECS           | 225-091-6                                                                                                             |
| SMILES           | <chem>c1cc(C(OCCCCCCCC)=O)ccc1C(OCCCCCCCC)=O</chem>                                                                   |
