Typical Product Specifications & Properties

FMOC-DL-3-AMINO BUTYRIC ACID

CAS Number: : 186320-18-3

Specifications	Limits
Chemical Structure	 The chemical structure shows a 9-fluorenylmethyl (FMOC) group attached to a 3-amino butyric acid moiety. The FMOC group consists of a fluorene ring system with a methylene group at the 9-position. The 3-amino butyric acid moiety is attached to the methylene group of the FMOC group. The amino group is at the 3-position of the butyric acid chain, and the carboxylic acid group is at the 1-position.
