

## Typical Product Specifications & Properties

# Glycine, N-octyl-, ethyl ester

CAS Number: : 121898-67-7

Specifications	Limits
Chemical Structure	 <p>The chemical structure shows a complex polycyclic molecule. It features a benzene ring fused to a six-membered ring containing an oxygen atom. Another six-membered ring is fused to the first, and a five-membered ring containing a nitrogen atom is fused to the second. Various hydrogen atoms are shown with stereochemistry (wedges and dashes). The text 'parchem fine &amp; specialty chemicals' is overlaid on the structure.</p>
