## Typical Product Specifications & Properties

# L-Asparagine, N-[2-(acetylamino)-2-deoxy-β-D-glucopyranosyl]-N2-[(1,1-dimethylethoxy)carbonyl]-

CAS Number: : 137255-40-4

| Specifications     | Limits                                                                                                                                                                                                       |
