## Typical Product Specifications & Properties

# Microcrystalline Cellulose

CAS Number: : 9004-34-7

| Specifications           | Limits                |
|--------------------------|-----------------------|
| Heavy Metals             | 10 PPM Max.           |
| Residue on Ignition      | 0.05% Max.            |
| Escherichia coli         | Negative              |
| Appearance               | Off-White             |
| Total molds & yeasts     | <10 cfu/g             |
| Identification           | DP 350 Max. (Test C)  |
| Ether-soluble substances | 0.05% Max.            |
| Identification           | Conforms (Tests A, B) |
| Water-soluble Substances | 0.24% Max.            |
| Conductivity             | 75 Max.               |
| Staphylococcus aureus    | Negative              |
| pH                       | 5.0 - 7.0             |
