## Typical Product Specifications & Properties

# N-(2,5-difluorophenyl)-2-[2-oxo-5-(piperidin-1-ylsulfonyl)pyridin-1(2H)-yl]acetamide

CAS Number: : 1251608-21-5

| Specifications     | Limits                                                                                                                                                                                             |
