## Typical Product Specifications & Properties

# Tetrasodium iminodisuccinate

CAS Number: : 144538-83-0

| Specifications   | Limits                                                                                                                           |
|------------------|----------------------------------------------------------------------------------------------------------------------------------|
| Molecular weight | 337.10                                                                                                                           |
| SMILES           | <chem>C(C(C(=O)[O-])NC(CC(=O)[O-])C(=O)[O-])C(=O)[O-].[Na+].[Na+].[Na+].[Na+]</chem>                                             |
