Section 2. Hazards Identification

Classification of the substance or mixture
Classification according to Regulation (EC) No 1272/2008: The product is not classified according to the CLP regulation.

GHS Label Elements
Pictograms: N/A
Signal word: N/A

Hazard and precautionary statements
Hazard Statements
H302 Harmful if swallowed.
H318 Causes serious eye damage.
H319 Causes serious eye irritation.
H412 Harmful to aquatic life with long lasting effects.

Hazard-determining components of labelling: Not applicable.
Hazard statements: Not applicable.
Precautionary statements: Not applicable.
Additional information: Safety data sheet available on request.
Other hazards: Not applicable.

Results of PBT and vPvB Assessment
PBT: Not applicable.
vPvB: Not applicable.

R- Phrases
R22 Harmful if swallowed.
R36 Irritating to eyes.
R41 Risk of serious damage to eyes.
R52/53 Harmful to aquatic organisms. May cause long-term adverse effects in the aquatic environment.

Section 3. Composition / Information on Ingredients

<table>

Section 4. First Aid Measures

**Description of first-aid measures**
- **Inhalation:** Supply fresh air; consult doctor in case of complaints.
- **Skin contact:** Immediately wash with water and soap and rinse thoroughly. If skin irritation continues, consult a doctor.
- **Eye contact:** Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- **Ingestion:** Rinse out mouth with water. If symptoms persist consult doctor. Never give anything by mouth to an unconscious person.

**Information for doctor**
- **Most important symptoms and effects, both acute and delayed:** No further relevant information available.
- **Indication of any immediate medical attention and special treatment needed:** No further relevant information available.

Section 5. Firefighting Measures

**Extinguishing media**
- **Suitable extinguishing agents:** CO₂, a powder, or water spray. Fight larger fires with water spray or alcohol resistant foam.

**Special hazards arising from the substance or mixture:** No further relevant information available.

**Advice for firefighters**
- **Protective equipment:** Wear fully protective suit. Mouth respiratory protective device.
Section 6. Accidental Release Measures

**Personal precautions, protective equipment, and emergency procedures:** Ensure adequate ventilation. Use respiratory protective device against the effects of fumes/dust/aerosol. Avoid contact with eyes.

**Environmental precautions:** Do not allow to enter sewers/surface or ground water.

**Methods and material for containment and cleaning up:** Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to item 13.

**Reference to other sections**
See Section 7 for information on safe handling.
See Section 8 for information on personal protection equipment.
See Section 13 for disposal information.

Section 7. Handling and Storage

**Handling**

**Precautions for safe handling:** Keep receptacles tightly sealed. Keep away from heat and direct sunlight. Ensure good ventilation/exhaustion at the workplace. Prevent formation of aerosols. Avoid contact with eyes.

**Information about fire and explosion protection:** Normal measures for preventive fire protection.

**Storage**

**Conditions for safe storage, including any incompatibilities**

**Requirements to be met by storerooms and receptacles:** Store in a cool location. Store only in the original receptacle.

**Information about storage in one common storage facility:** Store away from foodstuffs. Store away from oxidizing agents.

**Further information about storage conditions:** Store in cool, dry conditions in well-sealed receptacles.

Section 8. Exposure Controls / Personal Protection

Additional information about design of technical facilities: No further data; see item 7.

**Control Parameters**

**Ingredients with limit values that require monitoring at the workplace:**

2-Phenoxyethanol (CAS# 122-99-6)

AGW (Germany)
**Long-term value:** 110 mg/m³, 20 ppm 2(1); DFG, H, Y

**DNELs:** Data not available.  
**PNECs:** Data not available.  
**Additional information:** The lists valid during the making were used as basis.

### Exposure controls
Based on the composition shown in Section 3, the following measures are suggested for occupational safety measure

**Personal protective equipment**

**General protective and hygienic measures:**  
The usual precautionary measures are to be adhered to when handling chemicals.

**Respiratory protection:** Suitable respiratory protective device recommended.

**Protection of hands:** Protective gloves  
The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.  
Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.

**Material of gloves:** The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material cannot be calculated in advance and has therefore to be checked prior to the application.

**Penetration time of glove material:** The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

**Eye protection:** Tightly sealed goggles

### Section 9. Physical and Chemical Properties

**General Information**

**Appearance:** Transparent Liquid  
**Color:** Colorless to light-yellow  
**Odor:** Light characteristic  
**Odor threshold:** Not available  
**pH Value:** 6.0 - 7.5

**Change in condition**

**Melting point/Melting range:** Not available  
**Freezing point:** Not available  
**Boiling point/Boiling range:** Not available  
**Flash point:** Not available  
**Flammability (solid, gaseous):** Product is not flammable
Auto-ignition temperature: Not available
Decomposition temperature: Not available
Self-igniting: Product is not self-igniting
Explosive properties: Product does not present an explosion hazard

Explosion limits
Lower: Not available
Upper: Not available

Oxidizing properties: Not available
Vapor pressure: Not available
Density: Not available
Relative density: Not available
Vapor density: Not available
Evaporation rate: Not available
Solubility in/Miscibility with water: Not available

Partition coefficient (n-Octanol/Water): Data not available.

Viscosity
Dynamic: Not available
Kinematic: Not available

Other information: No further relevant information available

Section 10. Stability and Reactivity

Reactivity: No decomposition if used according to specifications.
Chemical stability: Stable under recommended storage conditions.
Possibility of hazardous reactions: No dangerous reactions known.
Conditions to avoid: No further relevant information available.
Incompatible materials: No further relevant information available.
Hazardous decomposition products: No dangerous decomposition products known.

Section 11. Toxicological Information

Information on Toxicological Effects
Acute Toxicity
LD/LC50 values relevant for classification:
122-99-6 2-Phenoxyethanol
Oral LD50: 1260mg/kg (Rat)
Dermal LD50: 5000 mg/kg (Rabbit)
Primary irritant effect
  on the skin: Irritating effect possible.
  on the eye: Irritating effect possible.
Sensitization: Sensitization possible.

Toxicokinetics, metabolism, and distribution: No further relevant information available.
Acute effects (acute toxicity, irritation, and corrosivity): No further relevant information available.
Repeated dose toxicity: No further relevant information available.
CMR effects (carcinogenicity, mutagenicity and toxicity for reproduction): No further relevant information available.

Section 12. Ecological Information

Toxicity
Aquatic toxicity: No further relevant information available.
Persistence and degradability: No further relevant information available.

Behavior in environmental systems
Bioaccumulative potential: No further relevant information available.
Mobility in soil: No further relevant information available.

Additional ecological information
General notes
Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water. Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

Results of PBT and vPvB assessment
PBT: Not applicable.
vPvB: Not applicable.

Other adverse effects: No further relevant information available.

Section 13. Disposal Considerations

Waste Treatment Methods: Dispose of product and contaminated packaging in accordance with all local, state, and federal environmental control regulations.

Section 14. Transport Information

UN Number: Not applicable
UN proper shipping name: Not applicable
Transport hazard class(es): Not applicable
Packing group: Not applicable
Environmental hazards
Marine pollutant: Not applicable

Special precautions for user: Not applicable
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code: Not applicable.
UN "Model Regulation": N/A

Section 15. Regulatory Information

Safety, health, and environmental regulations/legislation specific for the substance or mixture
MAK (German Maximum Workplace Concentration): None of the ingredients is listed.

National regulations
Water hazard class: Water hazard class 1 (Self-assessment): slightly hazardous for water.

Other regulations, limitations and prohibitive regulations
SVHC Candidate List of REACH Regulation Annex XIV Authorization (20/6/2013): None of the ingredients is listed.
REACH Regulation Annex XVII Restriction (13/2/2013): None of the ingredients is listed.
REACH Regulation Annex XIV Authorization List (17/4/2013): None of the ingredients is listed.
Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

Section 16. Other Information

Disclaimer: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product.

REVISION DATE: 7/27/2015
