Section 1. Product and Company Identification

**Product Name**: Spirulina Powder  
**CAS Number**: 724424-92-4

Parchem - fine & specialty chemicals  
415 Huguenot Street  
New Rochelle, NY 10801  
☎️ (914) 654-6800  📧 (914) 654-6899  
🌐 parchem.com  📧 info@parchem.com

Section 2. Hazards Identification

**Classification of the substance or mixture**: Not classified as a hazardous substance or mixture

**GHS Label Elements**
- **Pictograms**: N/A
- **Signal word**: None

**Hazard and precautionary statements**
- **N/A**
- Hazards not otherwise classified (HNOC) or not covered by GHS: None

Section 3. Composition / Information on Ingredients

**Common Name**: Spirulina Powder  
**Synonym(s)**: Botanical Source: Arthrospira platensis  
**CAS Number**: 724424-92-4

Section 4. First Aid Measures

**General advice**: Consult a physician. Show this safety data sheet to the doctor in attendance.

**Inhalation**: If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.

**Skin Contact**: In case of contact, immediately wash skin with soap and copious amounts of water. Consult a physician.

**Eye Contact**: Flush with copious amounts of water for at least 15 minutes. Assure adequate flushing by separating the eyelids with fingers. Call a physician.

**Ingestion**: Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.
Most important symptoms and effects, both acute and delayed: The most important known symptoms and effects are described in the labelling (see section II) and/or in section XI.
Immediate medical attention and special treatment needed: No data available

Section 5. Firefighting Measures

Extinguishing media: Water spray. Carbon Dioxide. Dry chemical powder or appropriate foam.
Hazards arising from the substance or mixture: Carbon Oxides
Fire Fighting Instructions: Wear self-contained breathing apparatus for firefighting if necessary
Further information: No data available

Section 6. Accidental Release Measures

Personal precautions, protective equipment, and emergency procedures: Use personal protective equipment. Avoid dust formation. Avoid breathing vapors, mist, or gas. Avoid breathing dust.
For personal protection see section VIII.
Environmental precautions: Do not let product enter drains.
Methods and materials for containment and cleaning up: Pick up and arrange disposal without creating dust. Sweep up and shovel. Keep in suitable, closed containers for disposal.
Reference to other sections: For disposal, see section XIII

Section 7. Handling and Storage

Handling: Avoid formation of dust and aerosols. Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive fire protection.
For precautions see section II.
Storage: Keep container unopened in cool, dry and well-ventilated place.

Section 8. Exposure Controls / Personal Protection

Control parameters
Components with workplace control parameters: Contains no substances with occupational exposure limit values.

Exposure controls
Appropriate engineering controls: Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.
Eye/face Protection: Use equipment for eye protection in compliance with OSHA regulations or under appropriate government standards such as NIOSH (US) or EN 166(EU).
Skin Protection: Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove’s outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.
Body Protection: Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Respiratory Protections: Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Control of environmental exposure: Do not let product enter drains

Engineering controls: Mechanical exhaust required

Section 9. Physical and Chemical Properties

Appearance: Powder
Physical form: Powder
Color: Dark Green
Odor: Characteristics
Odor threshold: No data available
pH: No data available
Melting point/freezing point: No data available
Initial boiling point and boiling range: No data available
Flash point: No data available
Evaporation rate: No data available
Flammability (solid, gas): No data available
Upper/lower flammability or explosive limits: No data available
Vapor pressure: No data available
Vapor density: No data available
Relative density: No data available
Water solubility: No data available
Partition coefficient (n-octanol/water): No data available
Auto-ignition temperature: No data available
Decomposition temperature: No data available
Viscosity: No data available
Explosive properties: No data available
Oxidizing properties: No data available

Section 10. Stability and Reactivity

Reactivity: No data available
Chemical stability: Stable under recommended storage conditions
Possibility of hazardous reactions: No data available
Conditions to avoid: No data available
Incompatible materials: Strong oxidizing agents
Hazardous decomposition products
Other decomposition products: No data available
In the event of fire: see section 5.

Section 11. Toxicological Information

Acute toxicity
LD50: No data available
Inhalation: No data available
Dermal: No data available

Skin corrosion/irritation: No data available
Serious eye damage/eye irritation: No data available
Respiratory or skin sensitization: No data available
Germ cell mutagenicity: No data available

Carcinogenicity
IARC: No component of this product, present at levels greater than or equal to 0.1%, is identified as probable, possible or confirmed human carcinogen by IARC.
ACGIH: No component of this product, present at levels greater than or equal to 0.1%, is identified as probable, possible or confirmed human carcinogen by ACGIH.
NTP: No component of this product, present at levels greater than or equal to 0.1%, is identified as probable, possible or confirmed human carcinogen by NTP.
OSHA: No component of this product, present at levels greater than or equal to 0.1%, is identified as probable, possible or confirmed human carcinogen by OSHA.

Reproductive toxicity: No data available
Specific target organ toxicity - single exposure: No data available
Specific target organ toxicity - repeated exposure: No data available
Aspiration hazard: No data available
Additional Information: No data available

Section 12. Ecological Information

Toxicity: No data available
Persistence and degradability: No data available
Bioaccumulative potential: No data available
Mobility in soil: No data available
Results of PBT and vPvB assessment: PBT/vPvB assessment not available as chemical safety assessment not required/not conducted.
Other adverse effect: No data available
Section 13. Disposal Considerations

**Waste Treatment Methods:** Dispose of product and contaminated packaging in accordance with all local, state, and federal environmental control regulations.

Section 14. Transport Information

**DOT (US):** Not dangerous goods  
**IMDG:** Not dangerous goods  
**IATA:** Not dangerous goods  
**IMO:** Not dangerous goods  
**RID:** Not dangerous goods  
**ADR:** Not dangerous goods

Section 15. Regulatory Information

**Safety, health, and environmental regulations/legislation for the substance or mixture**  
**TSCA (Toxic Substance Control Act):** Not Listed  
**California Prop. 65 Components:** This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

**Chemical Safety Assessment**  
**SARA 302 Components:** SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.  
**SARA 313 Components:** SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimus) reporting levels established by SARA Title III, Section 313.  
**SARA 311/312 Hazards:** No SARA hazards

**HMIS Rating**  
Health: 0  
Flammability: 0  
Reactivity: 0

**NFPA Rating**  
Health: 0  
Flammability: 0  
Reactivity: 0
Section 16. Other Information

Disclaimer: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product.
