Section 2. Hazards Identification

Classification of the substance or mixture

Not classified as a hazardous substance or mixture

GHS Label Elements

Pictograms: N/A

Signal word: N/A

Hazard and precautionary statements

None

Emergency Overview

OSHA: No Known

Potential Health Effects

Inhalation: May be harmful if inhaled. May cause respiratory tract irritation.

Skin: May be harmful if absorbed through skin. May cause skin irritation

Eyes: May cause eye irritation.

Ingestion: May be harmful if ingested or swallowed.

Section 3. Composition / Information on Ingredients

Common Name Green Lipped Mussel Powder

COMPONENT	CAS NUMBER	CONCENTRATION
Green Lipped Mussel Powder	N/A	100%

Section 4. First Aid Measures

Oral Exposure: DO NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, call a physician immediately. Loosen tight clothing such as a collar, tie, belt or waistband.

Inhalation Exposure: If inhaled, leave place of exposure to breath fresh air. If breathing becomes difficult, call a physician immediately.

Dermal Exposure: In case of skin contact, flush with copious amounts of water for at least 15 minutes. Remove contaminated clothing and shoes. If skin becomes irritated, call a physician.

Eye Exposure: In case of contact with the eyes, flush with copious amounts of water for at least 15 minutes. Assure adequate flushing of eyes. Call a physician if eyes stay irritated.

Section 5. Firefighting Measures

Flash Point: N/A

Auto-Ignition Temperature: N/A

Flammability: May be combustible at high temperature.

Suitable Extinguishing Media: DRY chemical powder, water spray, fog or foam. Do not use water jet.

Special Protective Equipment for Firefighters: Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

Section 6. Accidental Release Measures

Personal Precautions: Exercise appropriate precautions to minimize direct contact with skin or eyes and prevent inhalation of dust.

Environmental Precautions: Do not let product enter drains.

Methods for Cleaning Up: Use appropriate tools to put the spilled solid in a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and dispose of according to local and regional authority requirements.

Section 7. Handling and Storage

Handling: Provide appropriate exhaust ventilation at places where dust is formed. Normal measure for preventative fire protection.

Storage: Light sensitive. Store in light-resistant container. Keep container tightly closed. Keep container in a cool, well-ventilated area. Do not store above 24°C (75.2°F)

Section 8. Exposure Controls / Personal Protection

Engineering Controls: Safety shower and eye bath. Mechanical exhaust required

Personal Protective Equipment - Respiratory Protection: Respiratory protection is not required. Where protection from nuisance levels of dust are desired, use type N95 (US) or P1 (EN143) dusk masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Personal Protective Equipment - Hand Protection: For prolonged or repeated contact use protective gloves.

Personal Protective Equipment - Eye Protection: Safety Glasses

General Hygiene Measures: General industrial hygiene practice.

Section 9. Physical and Chemical Properties

Physical Appearance: Fine Powder

Color: Tannish Brown

pH: N/A

Melting Point: N/A

Boiling Point: N/A

Flash Point: N/A

Freezing Point: N/A

Ignition Temperature: N/A

Lower Explosion Limit: N/A

Upper Explosion Limit: N/A

Water Solubility: N/A

Section 10. Stability and Reactivity

Storage Stability: Stable under recommended storage condition

Materials to Avoid: Strong oxidizing agents

Hazardous Decomposition Products: Hazardous decomposition products formed under fire conditions - Carbon Oxides

Section 11. Toxicological Information

Acute Toxicity: N/A

Irritation and Corrosion: N/A

Sensitization: N/A

Chronic Exposure: N/A

Sign and Symptoms of Exposure: To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

Potential Health Effect - Inhalation: May be harmful if inhaled. May cause respiratory tract irritation.

Potential Health Effect - Dermal: May be harmful if absorbed through skin. May cause skin irritation.

Potential Health Effect - Eyes: May cause eye irritation.

Potential Health Effect - Ingestion: May be harmful if swallowed

Further Information in Ecology: N/A

Ecotoxicity Effects: N/A

Section 12. Ecological Information

Elimination Information (Persistence and Degradability): N/A

Section 13. Disposal Considerations

Waste Treatment Methods: Dispose of product and contaminated packaging in accordance with all local, state, and federal environmental control regulations.

Section 14. Transport Information

DOT (US): Not dangerous goods.

IMDG: Not dangerous goods.

IATA: Not dangerous goods.

Section 15. Regulatory Information

OSHA Hazards: No OSHA hazards

DSL Status: All components of this product are on the Canadian DSL list.

Section 16. Other Information

Disclaimer: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product.
